

OPERATIONAL PLAN

Re: New Horse Stable Application for
840 East Seeton Road
Grand Prairie, TX 75054

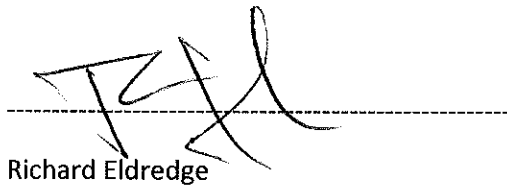

The below owner of 840 East Seeton Road hereby submits an Operational Plan for a new Horse Stable solely for personal use.

The Horse Stable will be used to provide shelter for the owner's four horses and will not be lease for commercial use.

The location of the stable will be on the north 0.7 buildable acres as outlined in the final plat submitted with the application.

Access to the stable will be one of two levees on opposing sides of the pond. A third access could be along the west fence line during the summer and/or while the ground is dry.

The owner has not yet build a home on the property. The owner will build a single family home within the next two years with access from the Seeton Road.
