PLANNING DEPARTMENT**Gateway Church Services - Summary**

Gateway Church currently consists of Five campuses located throughout the DFW Metroplex. Campuses are located in Southlake, Frisco, North Richland Hills, North Fort Worth and Grand Prairie. Gateway's Vision is to see people saved, healed, set free, disciplined, equipped, empowered and serving.

Weekend services occur live at the Southlake Campus and are broadcast to all of the Satellite Campuses. Church services consist of Five services with Two occurring on Saturday Night and Three occurring on Sunday morning. Each service last approximately 75 minutes, allowing the Congregation enough time to leave the campus before the next service begins.

The average attendance at the Satellite campuses (Frisco, North Richland Hills, North Fort Worth and Grand Prairie) is between 3,000-5,000 attendees. To help facilitate traffic at the campuses, police officers are employed as needed. These officers assist in directing traffic out of the campus into the public right of way. Once the new campus is opened, the Gateway Safety Director will create a traffic plan with the City of Grand Prairie Police Department.

Events also occur in the evenings during the week (Bible Studies, Classes, etc.), but generally have less attendance than the weekend services. A typical weekly calendar from the North Fort Worth Campus is attached for reference.

Additional Parking

Gateway Church would like to formally request additional parking spaces at the Grand Prairie Campus to accommodate the weekend service attendance. Based on historical studies at all 5 Campuses, Gateway average a need of .7 parking spots to the total number of Sanctuary Seats.

Included in this letter is Exhibit A which is a snapshot of the Gateway North Fort Worth Campus parking and attendance for the last 6 weeks. At the peaks attendance on Sunday mornings, there is a need for 650+ spaces on the campus. This is similar to the 650 spots Gateway is requesting at the Grand Prairie Campus.
