

OPERATIONAL PLAN MULTI PURPOSE ROOM FACILITY
2515 W. JEFFERSON ST., UNIT #117

The anticipated use for #117 is a Special use Permit for a Multipurpose Facility. The facility would be rented out for special events such as weddings, anniversaries, birthday parties (including quinceaneras), business seminars and other banquet events.

I have been an event planner for years. Together with my husband, John, and my daughter, Melissa, we have developed a very good reputation in the event planning industry. Melissa and I have both attained certificates in event planning and event design. Certificates are attached. We currently lease a facility in Fort Worth. I am hoping to transfer my clientele from the Fort Worth facility to Unit #117. I have also included our brochure from the Fort Worth facility.

Ours, is a family business with my other children making up the staff that runs all events. They each demonstrate effective communication and strict adherence to our work ethic. A **staff of six** would be present at each event at the facility. In addition we would have **two uniformed, certified security officers at each event**. The use of the facility would be for one time events. All fees for service would be paid by the client. We try to provide all services needed for a successful event. We work with caterers and other vendors to accomplish this. There would be **no on-site food preparation**. Any alcohol would be provided by the client (BYOB). Any alcohol would be put at the small bar in the rear of the facility. We employ TABC certified servers only who would supervise any alcohol.

Safety is the major priority at our events. We want to provide a safe environment for our clients to celebrate their special occasions. We have used the same security company for several years. We would have **two security guards at each event**. We are extremely comfortable with the level of security provided. We would have six fire extinguishers at appropriate intervals each attached to the walls. There is a Knox Box outside the front door.

The dance floor would remain the same with the protective rail encompassing it. The bandstand would be on the side of the dance floor along the same wall as the DJ booth.

We are professional in everything we do. It is our goal to provide an exceptional and beautiful facility for the citizens of Grand Prairie. I myself live in Grand Prairie and hope to increase our professional image in the community by embracing the highest standards of quality services, customer relations and trustworthiness.
