**Re: City of Grand Prairie, TIF-2 Projects: Forum/Crossland Project  
W.O. # 590.99; 591.00; 591.01; & 592.02  
Transmittal of Record Drawings and Project Close-Out**

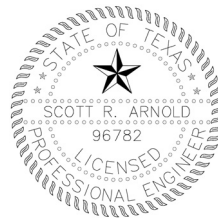

Dear Mr. Khavari:

As a follow up to the project walk through and completion of the punch list items for the above referenced project, we have performed an on-site walk through inspection of the project site.

Based on the contractors' information and my personal inspection of the project, they are in general conformance of the design plans prepared under my direction and seal. The as-built Mylar plan set and compact disk containing both CAD and pdf files have been provided for the City's records.

With this letter, I hereby request that the final letter of acceptance be issued for this project.

Sincerely,

Scott R. Arnold, P.E., PTOE  
Engineer of Record – Traffic Signals  
Texas Board of Professional Engineers Firm No. 928

cc: Brent O'Neal, Development Coordinator  
Doug Bevins, Chief Engineering Inspector
