Attention Mr. Charles H. Lee, AICP, Senior Planner

Re: Case Number RP190303

Mr. Lee:

I, Andrea L. Blake, owner of the property 721 NW 7th in Grand Prairie, object to the GPISD's moving the southern boundary of the Austin Elementary School property approximately 18 inches to the south of their black fence. When the school district surveyed their property, no southern boundary marker was ever found. The school placed a marker, I believe, on Friday, March 22, 2019. I believe the school district's correct southern boundary to be their newly erected black fence.

I also strongly object to any variance request by the district to move their property line farther south onto my property.

Please keep me informed of any further developments in this case.

Sincerely yours,

Andrea L. Blake
