

This is **EXHIBIT K**, consisting of 1 pages, referred to in and part of the **Agreement between Owner and Engineer for Professional Services** dated _____.

AMENDMENT TO OWNER-ENGINEER AGREEMENT
Amendment No. 1

1. Background Data:

- a. Effective Date of Owner-Engineer Agreement: June 6, 2014
- b. Owner: Grand Prairie Municipal Airport, City of Grand Prairie
- c. Engineer: KSA Engineers, Inc.
- d. Project: Terminal Building Electrical Service Improvements

2. jDescription of Modifications:

- a. Engineer shall perform or furnish the following Additional Services: Engineering design to include looping the existing water service to the airport terminal building by installing a new 8" water line from the southeast corner of the terminal building to the existing water main located in the right of way of Great Southwest Parkway. The existing airport fence on the south side of the terminal building shall be relocated approximately 15 feet to the south to provide additional pavement for approximately 28 new parking spaces. The additional pavement will require modifying existing utilities to include traffic rated covers and require an existing airport sign to be moved. A new concrete dumpster pad and privacy fence will be constructed in the new dumpster pad area. Protection and/or modification of existing utilities in the area will be coordinated with respective utility owners. Back-up generators for both the terminal building and electrical vault will be designed. The site will generally be designed to drain to an existing inlet on the east side of the proposed parking development. This amendment excludes any drainage improvements per Airport Management, including calculations, modeling, and design.
- b. The Scope of Services currently authorized to be performed by Engineer in accordance with the Agreement and previous amendments, if any, is modified as follows: N/A
- c. The responsibilities of Owner are modified as follows: N/A
- d. For the Additional Services or the modifications to services set forth above, Owner shall pay Engineer the following additional or modified compensation: Additional \$36,620.00 for design survey and engineering design of additional services listed above.

e. The schedule for rendering services is modified as follows: The schedule shall be revised to begin on the date of the fully executed Amendment No. 1.

f. Other portions of the Agreement (including previous amendments, if any) are modified as follows: N/A
