Mr. Romin Khavari, P.E., CFM
City Engineer
City of Grand Prairie – Engineering Division
206 W. Church Street
Grand Prairie, Texas 75050

RE: City of Grand Prairie
Midlothian Water Supply Phase 1
Koscher Drive to Tayman Drive
(W.O. #612.72)

Dear Mr. Khavari:

As a follow up to the project walk through and completion of the punch list items for the above referenced project, we have performed an on-site walk through inspection of the project site.

Based on the Contractors' information and my personal observations in the field of the project status and completion, the Contractor's work is in general conformance with the design plans prepared by our Firm. The as-built Mylar plan set and compact disk containing both CAD and pdf files will be provided by Freese and Nichols, Inc. for the City's records once complete.

With this letter, I hereby recommend that the final letter of acceptance be issued for this project.

Sincerely,

Kelly Wood, P.E.
