RE: Atmos Energy Corporation
Grand Prairie Distribution

Mr. Divita;

Atmos Energy is in the process of constructing a new eight inch (8") pipeline to increase service to Grand Prairie. Room is needed to string pipe for the proposed pipeline in order to complete crossing Great Southwest Parkway with the pipeline.

Atmos proposes to:

- String pipe within the area shown on the attached aerial;
- Weld the pipe;
- Coat the pipe; and,

pull the pipe through the bore beneath Great Southwest Parkway.

Atmos will repair damages and replace with sod any grass loss on airport property caused by Atmos during the project.

A copy of the aerial showing the area is attached for reference.

Thank you for your consideration of the above request.

Regards,
